Residential Demolition Permit Guideline
Demolition of residential buildings or buildings containing residential units.

Permit application requirements:
1. Building permit application form
2. Pre Grading plans – prepared by Professional Engineer, Ontario Land Surveyor (OLS), or Certified Engineering Technologist (CET). To include existing building footprint, building area, and number of storeys.
3. Post Grading plans – prepared by Professional Engineer, Ontario Land Surveyor (OLS), or Certified Engineering Technologist (CET). To include proposed final grading, with future development if applicable.
4. If building is residential or contains any residential units within an R1-R6 zone, Demolition Control will be required from City of Kitchener’s Planning Division. Any other zone may be exempted from demolition control. Contact the Planning Division at 519-741-2317 for further information.
5. Demolition Tracking Sheets required prior to permit issuance. Applicant to have all sign-offs completed.
6. Demolition Agreement completed by applicant and owner.

Minor Demolition Permit Guideline
Demolition permit required for structures larger than 108 square feet, decks or porches greater than 24” above grade, additions, etc.

Permit application requirements:
1. Building permit application form
2. Site plan or Survey showing location of structure to be demolished
3. Minor demolition Agreement

Cost of Demolition permit
See our fee schedule online for our current building permit rates. The fees cover the review of drawings for building code compliance, the building permit and building inspections. We accept cash, cheque and debit as methods of payment. We collect a damage deposit on applicable projects to ensure the road around the project is not damaged during construction. If the road is damaged and not fixed, the money collected will be used to make the necessary repairs. Please contact the Engineering Division at 519-741-2406 for further information.

Fences at Demolition Sites
Where, in the opinion of the Chief Building Official or Inspector, a demolition site presents a hazard to the public. The Chief Building Official or Inspector may require the owner to erect fences to fully enclose all areas of the site which prevent a hazard.

Where to apply for building permit
Bring all required drawings and forms to the 5th floor at City Hall. City Hall is located at 200 King St W, Kitchener, Ontario. Our office hours are Monday to Friday, 8:30am - 5:00pm.

Important Numbers to know

DEMOLITION AGREEMENT

By-Law # 2005-128

“Where application is made for a demolition permit under subsection 8(1) of the Act, the application shall:

a) be accompanied by a plan to confirm compliance with all zoning regulations and a detailed Grading and Drainage Control Plan including siltation, erosion control and tree protection measures to be approved by the Chief Building Official or the Director of Engineering (and the Regional Municipality of Waterloo or the Ministry of Transportation, if applicable), prior to the commencement of any site grading or demolition.

b) be accompanied by satisfactory proof that arrangements, financial or otherwise have been made, to the satisfaction of the Director of Engineering, for the removal of any redundant service connections and driveways and for the installation of all new service connections (if applicable).

c) contain the agreement of the applicant to comply with the standards for demolition as set out below:

i. Remove sidewalks and driveways from the site
ii. Remove all construction debris and rubble from the site
iii. Remove foundation walls to a minimum of two feet below finished grade
iv. Back fill and compact site to finished grade with non-organic material
v. Cover site with topsoil to a minimum depth of four inches with sod or seed
vi. Grade in accordance with approved grading and drainage control plan as described in Schedule “C”.

The applicant and/or Owner shall agree to comply with the standards for the demolition as set out above:

_________________________________________  ________________
Applicant’s Name                                      Date

_________________________________________  ________________
Owner’s Signature                                    Date

ONTARIO REGULATION 278/05 made under the Occupational Health and Safety Act.
The owner hereby acknowledges its responsibilities before requesting tenders or arranging work under Section 10 of Ontario Regulation 278/05, and that the Ministry of Labour has been notified, or will be notified as the case may be.
This tracking sheet is to be signed by all authorized agents listed below prior to the permit being issued. Completed form is to be emailed to the Building Division (angela.dennis@kitchener.ca) as part of the demolition permit application. No demolition is permitted prior to building permit issuance. The owner/contractor is responsible for ensuring all services have been disconnected prior to demolition work commencing.
