

Title: The Canoe

Year: 1997

Artist: Brian Scott

Medium: Aluminum; bronze

Location: Victoria Park
Kitchener, ON

Acquisition Method: Other (Public Art Trust Fund)

An aluminum canoe rides the grassy, landscaped waves of the park, not far from the water. Inside the canoe, a sheet of mirror polished stainless steel reflects the sky above and appears like water from a distance. With this installation, the artist wanted to reconfigure the park's inherent elements with this vessel of reflection.
