**Project Schedule**

**Construction Project**

Strasburg Road North Extension – Rush Meadow to Robert Ferrie Drive

Start of Construction: On or about November 6th. First steps will be the establishment of siltation and wildlife exclusion fencing and tree removal.

Sanitary Sewer: Initial construction work will be the installation of the deep sewer (between Rockcliffe and the current end of Strasburg Road).

Temporary Bridge: Installation of a temporary bridge for Strasburg Creek.

Road and Bridge Construction: This will begin in 2018 and be accompanied by the installation of watermain, storm sewers, utilities and paving.

Project Completion: Target timeline is Spring / Summer 2019.
