Reconstruction Project
Rossford Crescent Reconstruction – Markwood Drive to Markwood Drive

Purpose of the Meeting: To present for public comment and input, the proposed reconstruction details.

Project Description: The existing storm and sanitary sewers, watermains, as well as service connections, curbs, sidewalk, and the road structure will be replaced.

Project Funding: This project is funded by the ratepayers of Kitchener.

Construction Schedule: Construction is anticipated to begin in May 2022.

Contractor: TBD

Project Management: City of Kitchener Development Services Department, Engineering Services Division.

Personnel to Contact: Should you have any questions or comments about this project and wish to speak with someone personally, you may call:

- City of Kitchener Project Manager
  Diana Lupsa, P.Eng., 519-741-2200 ext.7815, diana.Lupsa@kitchener.ca
- Consultant Project Manager
  Stefan Mayirou, P.Eng., 519-650-8662 , stefan.mayirou@aecom.com
Welcome to this virtual presentation, organized by the City of Kitchener, Development Services Department, Engineering Services Division.

This project is being managed and coordinated by the City of Kitchener and funded through sewer and water reserves, and will not result in a direct cost to the homeowner.

The purpose of this information is as follows:

- To provide an opportunity for the public and property owners to review design details.
- To present existing and proposed conditions drawings, and streetscape concepts within the project limits.
- To provide a forum for comments by the public and property owners, which may be taken into account in the final design detailing for the project.

All members of the public and property owners are invited to:

- Review the online documentation
- Consult with the project team members
- Review the displays depicting the existing and proposed project details discuss any design issues, impacts on your community and/or property,
- And any other issues that you feel may be relevant with project team members
Sidewalk infrastructure is a key component of the urban environment that encourages and facilitates active transportation, supports community health, neighbourhood connectivity, community vitality and safety. Sidewalks contribute significantly to a sustainable community and a pedestrian friendly environment.

**What is the Sidewalk Infill Policy**

The Sidewalk Infill Policy is the City of Kitchener’s Council approved policy which provides direction to staff regarding the prioritization and installation of new sidewalk where none currently exist.

- The Sidewalk Infill Policy directs staff to construct sidewalk on both sides of a street where feasible
- Using best engineering practices staff have developed a design which balances the challenges associated with the new sidewalk and resident concerns gathered from the previously circulated survey.
- Sidewalk has been proposed on the even number side of Rossford Crescent
- The proposed sidewalk infill has been approved by Council

**Next Steps:**

- Residents to provide comments no later than April 21, 2021 on the questionnaire provided.

Any questions regarding the City’s Sidewalk Infill policy can be directed to the Transportation Planning division at 519-741-2379
