# Road Reconstruction Project

## Scott Street (Duke Street E to Weber Street E)

Welcome to this virtual Public Information Centre presentation, organized by the City of Kitchener, Development Services Department, Engineering Services Division.

This project is being managed and coordinated by the City of Kitchener and funded through sewer and water reserves, and Will Not result in a direct cost to the homeowner.

The purpose of this presentation is as follows:

- ❖ To provide an opportunity for the public and property owners to review design details
- ❖ To present existing and proposed conditions drawings, and streetscape concepts within the project limits
- ❖ To provide a forum for comments by the public and property owners, which may be taken into account in the final design detailing for the project.

All members of the public and property owners are invited to:

- ❖ Review the online documentation
- ❖ Consult with the project team members
- ❖ Review the displays depicting the existing and proposed project details and discuss any design issues or impacts on your community and/or property

# Project Highlights

## Scott Street (Duke Street E to Weber Street E)

### Overview of Work:

- ❖ This project is a complete reconstruction of Scott Street including new curbs, sidewalks, asphalt roadway, sanitary sewer and services, watermain and services and storm sewer

### Proposed Changes from Existing Roadway:

- ❖ Reduction of street width from existing 7.0m to 6.0m to adhere to the City of Kitchener Complete Streets Guidelines

The following slides will illustrate the identified changes with the proposed layout of Scott Street.
