Project Information

Reconstruction Project
Southdale Avenue – Kehl Street to Hoffman Street

Purpose of the Meeting: To present for public comment and input, the proposed reconstruction details.

Project Description: The existing storm and sanitary sewers, watermains, as well as service connections, curbs, sidewalk, and the road structure will be replaced.

Project Funding: This project is funded by the ratepayers of Kitchener.

Construction Schedule: Construction is anticipated to begin in early April 2022 with paving complete by late August 2022.

Contractor: TBD

Project Management: City of Kitchener Development Services Department, Engineering Services Division.

Personnel to Contact: Should you have any questions or comments about this project and wish to speak with someone personally, you may call:
Jon Seip, C.E.T., 519-741-2200 ext.7143, Jon.Seip@kitchener.ca
Steve Allen, P.Eng., 519-741-2200 ext.7584, Steve.Allen@kitchener.ca
Project Highlights
Southdale Avenue – Kehl Street to Hoffman Street

Overview of work:

- Complete reconstruction of Southdale Avenue including new curbs, sidewalks, multi-use pathway, asphalt roadway, sanitary sewer and services, watermain and services and storm sewer.

Proposed changes from existing roadway:

- The City is proposing some elements of the Complete Street approach including narrower roadway and wider sidewalk on both sides of the street.
- New sidewalk is being constructed on the south side of Southdale Avenue where none currently exists.
- A new multi-use trail is being constructed on the north side of Southdale Avenue.
- The roadway asphalt width will be reduced from 9.0m to 7.0m from the bend to Hoffman Street, and from 9.0m to 6.0m from the bend to Kehl Street.
- The width of the sidewalk on both sides of the street will be increased from the existing width of 1.5m to 1.8m.
