NOTICE SIGNS

Please note that all properties subject to an application for an Official Plan Amendment are required to post notice signs. As per Council Policy I-705, should the subject property be situated at an intersection or have frontage on more than one public road, notification signs will be required for each street frontage. If the application includes several properties more than one sign per frontage may be required. Standard notice signs are provided by the City, at the cost noted in the fees section of this form.

Those properties that are subject to applications proposing major development or redevelopment proposals are required to both provide and erect one personalized notice sign in accordance with specified criteria dealing with format, content and size. All such signs, including location, must be approved by the Planning Division. Detailed requirements for these signs are available from the Planning Division. Applicants are able to employ the City's sign shop for this purpose or a commercial sign company of their choice. Any costs for these signs are the responsibility of the applicant.

Such notice sign(s) and personalized notice sign(s) shall remain in place until a decision has been made by Council and the applicable appeal period has expired. At that time, it is the responsibility of the applicant to remove the sign(s).

OFFICIAL PLAN AMENDMENT PROCEDURE

An application for an Official Plan Amendment generally requires a minimum of six (6) months to process. The procedure generally encompasses the following steps:

1. The application is reviewed by planning staff to ensure all prescribed information and the required fee has been provided. Within thirty (30) days of the receipt of an application the applicant will be notified in writing whether the application is considered “complete”. Instructions regarding the notice signs will be sent to the applicant at this time.
2. Within fifteen (15) days of the application being deemed complete a “Notice of Application” will be circulated to land owners within 120 metres of the subject land and various departments / agencies for comment. Installation of the notice signs should be coordinated with the circulation of the Notice of Application. Any major issues arising from this circulation will be brought to the attention of the applicant for review and appropriate action.
3. Following the circulation period, a staff report containing a recommendation and any conditions of approval, if required, will be formulated.
4. Once the staff report has been finalized, a notice will be advertised in The Record (local newspaper) twenty (20) days in advance of the statutory public meeting. Notice will also be given directly to any persons that responded to the preliminary circulation outlined above.
5. At the public meeting, opportunity is afforded to the applicant and any other interested parties to make verbal and/or written submissions concerning the application. The committee may choose to recommend approval, refusal or deferral of the application.
6. If recommended for approval or refusal by the committee, the proposed amendment is then forwarded to city council for consideration.
7. If recommended for approval by city council, the proposed amendment will then be forward to the Regional Municipality of Waterloo for final approval. The Region of Waterloo may choose to approve, refuse or modify the proposed amendment. Notice of the decision will be given to those who have expressed interest, and the 20-day appeal period will commence the day after this notice is given, during which time the application may be appealed to the Local Planning Appeal Tribunal (LPAT). Should no appeal be filed, the amendment is final and binding as of the date of council passing.
