

# APPLICATION FOR PART LOT CONTROL

Planning Division – 200 King Street West, 6<sup>th</sup> Floor  
 P.O. Box 1118, Kitchener ON N2G 4G7  
 519-741-2426; [planning@kitchener.ca](mailto:planning@kitchener.ca)

## PURPOSE

Where land is within a registered plan of subdivision and the owner wishes to subdivide a lot or a block within such registered plan for the purpose of selling, conveying, leasing or mortgaging such part lots of part blocks, an owner may request the Municipality to pass a Part Lot Control Exemption By-law under Section 50 (7) of the Planning Act.

This provision establishes that subsection 5 (Part Lot Control) does not apply to land that is contained within the lands subject to a Part Lot Control By-law.

The City of Kitchener will give consideration to using this method of severance of land for development fronting an existing or dedicated road. For example, the division of lots and blocks for semi-detached dwellings or linear townhouses or single detached dwellings within a lotless block. **No part lot control exemption by-law can be approved if the municipality requires conditions to be applied to the division of the subject lands.**

The final passing and registration of a Part Lot Control Exemption By-law eliminates the need for an owner to receive approval of an application for Consent from the Committee of Adjustment.

- The existing or proposed height and number of storeys of all residential buildings.
- The location of driveways and parking areas including garages (specify when garages are attached).

## PROCESS

1. Applications should be submitted at least 4-5 weeks prior to a scheduled Council meeting. Please consult with staff to determine the appropriate timelines.
2. Applications are reviewed for zoning compliance and circulated to City and outside utilities for compliance with servicing plans.
3. Applicants are required to **deposit the reference plan** once the plan is deemed to comply with zoning requirements and confirmation is given that it is consistent with any approved servicing plans. The **subdivision plan must be registered** at this point.
4. Applicants are required to submit a **digital file** of the deposited reference plan(s) in dwg (AutoCAD) or dgn (MicroStation) format. The file must contain Layers 1-6 as set out below and **should be georeferenced** in accordance with the City's standards on georeferencing.
5. All current outstanding taxes must have been paid for the subject lands.
6. The City planner makes a recommendation on the application and the By-law is prepared approximately one week prior to Council's consideration of the By-law.
7. Following the passing of the By-law by Council, the By-law is registered (requires approximately 1 week).
8. Since the PLC By-law makes specific reference to the Reference Plan, any changes to the lotting configuration thereafter requires a new application for Part Lot Control Exemption and the passing of a new By-law, to ensure compatibility with servicing.
9. Each Part Lot Control By-law in The City of Kitchener remain in force and effect for a period of two (2) years from the date of its passing. Extensions to this date may be made prior to the date of its expiry by contacting the City's Legal staff.
