

**SITE DEVELOPMENT WORKS CERTIFICATION FORM
FOR ACOUSTICAL STUDY ENGINEER/CONSULTANT**

Date: _____

Project Name: _____ Site Address: _____

Owners Name: _____

I _____ of _____ certify

to the City of Kitchener that the recommendations/findings of the Noise Study have been installed on site. There are no noise levels above the maximum levels specified in the City's Urban Design Standards and Policies from the stationary source (intercom ordering station), at the property line with adjacent residential and/or institutional land uses

All required noise mitigation measures required by the Noise Study have been installed correctly and are functioning as designed.
