

Appendix E : Planning Around Rapid Transit Stations (PARTS) Areas

-  Urban Growth Centre UGC Zones
-  PARTS Plan Areas

Development, redevelopment or site alteration within the PARTS Areas on lots not zoned UGC will require specific parking space rates. These rates are included in Table 5-3 within Section 5 Parking, Loading, and Stacking. The actual PARTS Areas may differ from the area shown, which is shown for informational purposes. As other PARTS plans are completed the zoning shall amend this schedule to indicate the PARTS Area boundary.
