High Microbial Risk Management Zones

Regional Recharge Areas

Surface Water Intake Protection Zones

- Zone 1
- Zone 2

Area Under Deferral

Southwest Kitchener Policy Area*

*Within the Southwest Kitchener Policy Area shown on this map, the final extent of the Regional Recharge Area has yet to be determined in the Regional Official Plan. Studies completed to date have demonstrated that the portions of lands within the Southwest Kitchener Policy Area also contained within the study area boundary of the Blair Creek Functional Drainage Study are not Regional Recharge Area and therefore will not be subject to the Regional Recharge Area designation. However, the exact boundary of the Regional Recharge Area designation within the Cedar Creek Subwatershed has yet to be finalized. The final extent of the Regional Recharge Area within the Cedar Creek Subwatershed will be determined through the next municipal comprehensive review process of the Regional Official Plan to be undertaken by the Region not later than 2019. The final location of the Regional Recharge Area as it applies to the Southwest Kitchener Policy Area will be implemented by future amendment to this Plan. The current Regional Recharge Area designation adjacent to the Southwest Kitchener Policy Area as shown on this map will be considered as the minimum extent of the designation for the purposes of this future review process.

Note:

1. This map forms part of the Official Plan of the City of Kitchener and must be read in conjunction with the policies of this Plan.

Adopted by City Council - June 30, 2014
Approved by Regional Council - November 19, 2014
Modified by Regional Council - January 18, 2017
Effective Date - March 8, 2018
Last Revised - March 8, 2018
Revised by Amendments - Appeal withdrawn at OMB
