SUBMISSION NUMBER: B _____ (to be assigned by staff)

1. ADDRESS OF SUBJECT PROPERTY: _____

Have you previously consulted with staff on this application?

If yes, name and date of consultation: _____

Office Use Only:

Date Stamp

2. FOR YOUR INFORMATION:
- It is recommended to consult with staff prior to submitting your form. Applications will not be accepted as complete unless all legislated requirements have been met and will not be processed until all necessary information has been provided.
 - For ‘Attached Dwellings’ best practices dictate that prior to the Consent of a property proposed to contain an attached dwelling, the foundation is to be set and surveyed so as to accurately capture the new lot line as constructed. These types of Consent Applications may proceed ahead of the foundation being poured and surveyed with the acknowledgement by the Applicant that they are submitting this application with confidence that the future foundation will coincide with the proposed lot dimensions and setbacks, no maintenance easements (if not identified in this application) are necessary, and is proceeding with the application at this time **‘at their own risk’**.
 - If a Site Plan Application (SPA) or a Zoning Occupancy Certificate (ZOC) is required to be submitted to facilitate the proposed development of the subject lands, the Owner/Applicant must obtain ‘Conditional Approval’ of a Site Plan Application or receive confirmation of a Zoning Occupancy Certificate (ZOC) prior to making this Consent Application. This is to ensure that the ‘Proposal’ will be in compliance with the City’s Zoning By-law.
 - If a Certificate of Official is required for the retained lot, the request must be indicated within the application.
 - Cover letters and planning justification reports are welcome, however, they are not considered a part of your application. All consent requests must be outlined within your application form. If you are providing a cover letter or justification report, it should be attached as the last document in your application package.**
 - Committee of Adjustment is a public process. Applications will be circulated to public agencies for comment. Notice of the meeting will be circulated to property owners within 30 metres of the subject property, advertised in the local newspaper and a City-issued notification sign posted on the property. **City staff will install the notification sign and it is the Applicant’s responsibility to ensure the notification sign remains posted for the duration of the application and removed 30 days after the meeting date.** All parties are given the opportunity to provide written comment or attend the meeting, either in support or opposition of the application.
 - In addition to the submission requirements found on the application form, it is imperative that the applicant provide all the planning evidence necessary in support of the request being made. Depending on the nature of the application, this evidence may be in the form of photographs showing the existing streetscapes, contextual plans (in context with adjacent structures), historical information and/or detailed location plans (windows, openings, accessory structures) of the abutting properties. This will assist the Committee in making an informed decision regarding your application.
 - The owner and/or agent must attend the Committee meeting in support of their application. Information on the meeting date/time will be forwarded to the applicant. A deferral fee will apply to applications requiring re-circulation for failure to attend meeting or requesting postponement.
 - This is **YOUR** application - make sure that you know the exact details of why you are applying. You must identify exactly what is being requested, particularly as it relates to easements, rights-of-way or partial discharge of mortgage. It is your responsibility to provide a complete and accurate application. Staff are available for consultation, but they are not permitted to complete the form on your behalf.

3. SUBMISSION REQUIREMENTS - please check the boxes below to confirm that the following have been included with this application:
